

NEIGHBORHOOD  
FOOD NETWORK

Dear Neighbor,

I am your neighbor and I am initiating an email group to connect the people on our street only in case of emergency.

Privacy is important, so no last names or addresses would be connected to the contact information. Being connected would be beneficial for everyone, especially if there is a power outage, fire or other emergency.

The email group would only be used for:

- **Emergencies situations.: a tree has fallen on the road and people with a chainsaws are requested to help clear it if the county services are taking too long,**
- **Someone on the street had a fire and is need of household items etc.,**
- **Offers of goodwill ie: a neighbor has a teen who can work odd jobs, someone has a free working refrigerator, tools, zucchini etc to give away, or someone has found a wandering dog.**

It would not be used to sell direct marketing goods, non emergency communications ie: birthdays, or sharing unkind words in any way. You could unsubscribe at any time.

It may be used to invite you to a street gathering to discuss emergency preparedness, trash pick up days, or street gatherings to meet and greet. There are no requirements of any kind.

**Will you send your email to me, your neighbor, at email**

\_\_\_\_\_?

Thank you!

From your Neighbor,

\_\_\_\_\_
